

TWELVE BASKETS (*F major, 4/4, 160bpm*)

F Gm Fmaj7sus4/Bb Bb
Come away to a place far across the sea
F Gm Fmaj7sus4/Bb Bb
To a mountain transcendent and trouble free
F
Let the crowd try and follow
Gm Bbsus2 Bb
Hunger shows how we're hol - low
F
If the flock needs life's feeding
Gm Fadd4/Bb Bb6 Bb
To the mountain He's leading

See the boy with five loaves and two fish on hand
Let the people recline on this grassy land
Here we treasure His smallness
And the fragments exhaustless
For the blessing's partaking
Let His hands do the breaking

C Bb F
Daylight declines and now fades to black
C Bb F
The Lord is my Shepherd I shall not lack
Dm Fadd4/Bb Bb Bbm
We followed this far without turn - ing back
F C Gm
And we can testify
F C Gm
With a rich supply
F C Gm
Gone is hunger's pain
Bb F
Now twelve baskets remain

On our boat tossed about by the wind and waves
All our fears and our doubts cease when Jesus saves
Though the demons we're dreading
Over waves He is treading
We enjoy His peace-giving
For this journey called living

Chorus x2

JESUS WEPT (*F major, 7/8, 108bpm*)

F Gm C7 Edim F
Jesus wept, Lazarus' soul was sleeping
So bereft, Mary fell on You just weeping
Faith resigned, sealed in the cave that he laid in
She opined, if You were here You could save him

Dm A Bb C F (F Edim Dm)
You appeared giving life abundantly
Dm A Bb Edim C7
Moved to tears as they cried, "come and see"

Jesus wept, Martha was so demanding
As she kept doctrinal understanding
Four days passed, time is a veil from seeing
Glories vast, promised to those believing

And You'll endure all who claim You came too late
To ensure life out of death, You would wait

Jesus wept, though He is resurrection
Some expect magical intervention
Blind men see, hungry are satisfied
Could it be Lazarus shouldn't have died

And You'll forebear those who love with doubting breath
Since You care more for raising men from death

F Gm C7 Edim F
Jesus wept, ooh

THE HEALER'S PSALM (F major, 4/4, 135bpm)

Intro (F Am Bb C7add4 Edim Cadd9 Edim)

F Am

Each fleeting year, a dollar spent

Bb C7sus4 Edim C7sus2

Until there's nothing left to give and no - thing left

C7sus4 F Am

The scroll of time, a scene unwinds

Dm Gm Edim

Revealing healing needed for all of mankind

A child born, a life will grow

Aside from mothers' joyful hope, in truth we know

Yet pain to see the tragedy

The more we live the more we die increasingly

Interlude (oohs) (F Am Bb C7sus4 Edim C7sus2 C7)

A prophet came, made water wine

With no honor from his own, save only signs

A land of reeds, among the weak

A second sign had come for fragile souls who seek

A noble man in Cana found

Despite his child's buoyant youth, to death was bound

Of life he heard, so undeterred

In desperation came and sought His healing word

Am F

Let the signs and wonders meet their own demise

Am F

Sir come down before my little child dies

Gm Bbsus2 Dm

All the moribund are healed by life You give

F Bb C7sus4 Edim C7sus2 Edim

Just speak a word and I believe my son will live

Interlude (oohs) (F Am Bb C7sus4 Edim C7sus2 C7sus4)

Within the mind, emotion, will

There is a dire need to heal which life can fill

Our spirit, soul, and body-whole

When filled with life will swallow up all death's control

A tender scar, a contrite heart

Wherever life would enter in, it heals that part

We muse upon the healer's psalm

Conveying words of life that hold the healing balm

Chorus x2

Outro (oohs) (F Am Bb C7sus4 Edim C7sus2 Edim/C F)

WOMAN AT THE WELL (F major, 3/4, 157bpm)

F Bb C F
Thirst journeyed and hid at Jacob's well
F Bb C Dm
Warmth of the midday sun will tell
Gm Bb C
Tell sinners I shade from your shame provide

Give something to drink life asks of you
Say what you think but if you knew
Knew who it was, bringing the gift of God

Am Bb F
There's a well so deep only emptiness is found
Am Bb C
But the fullness of living water's springs abound

Dm Dm7 Bbm F C
Nevermore you'll thirst if you'd only drink from this life giving fount

Edim F
All your sins I can forgive
Edim F
If you drink then you will live
Gm Fadd4/Bb C F
If for living water you ask I'll freely give

Sir you are a prophet I perceive
Woman, in spirit you'll believe
All you have tried, nothing else satisfies

Such hour is near and it is now
Worship in spirit I endow
Setting you free unto reality

Let the ancients come and scale this mountain peak
But the worshippers in truthfulness He seeks

Gushing waters burst whenever you take from this life giving spring

All your sins I will forgive
When you drink then you will live
Bb C
If for living water you ask I freely give
Since the living water you ask I freely give

WATER CHANGED TO WINE (C major, 4/4, 110bpm)

C
After the wine had all run out
Em
After the joy it brought about
F Dm
After the wedding feast was spent
C G
Lending reprieve from discontent

Surely You knew ahead of time
Just when the feast ran out of wine
Then in the end you would reveal
Only Your life our death can heal

Am F
When joys of life have come to pass
C E
It's then You save the best for last
Dm G C
And we find water changed to wine

We were just reeds so weak and frail
From a despised land we hail
Six earthen vessels filled with death
Formed by the Spirit's living breath

But in the wind the reeds will bend
And vessels' earthly joy will end
Till we find water changed to wine

Though all our waterpots be filled
Life of the grapes would never spill
Even our rites with death are rife
Until we pass from death to life

So when life's earthly wells run dry
The better life He will supply
When we find water changed to wine

After the wine had all run out
After the joy it brought about
After the wedding feast was spent
Lending reprieve from discontent

When joys of life have come to pass
It's then You save the best for last
Am-Em
And we find water changed to wine
Oh we find water changed to wine

But this one thing I do know, I was blind, now I see

Are we blind?, the prideful claim
In sin's darkness they will remain
Ever humble, true sight we find
Say, "we see," He leaves us blind

I was born into blindness, I was born a man of clay
I went down in the water, and my clay was washed away
I don't know if a sinner could have done this thing for me
But this one thing I do know, I was blind...

And we were born into blindness, we were born just men of clay
When we go down in the water, our old clay is washed away
I don't know if a sinner could have done this thing for me
But this one thing I do know, I was blind, now I see

With humility girded, You
Served as a slave and as such
A loving example
Wash me in your utter love
Cleansing my earthly touch

All the while I've been occupied by the glorious and beautiful deeds
Of a living child, while a dying soul bleeds
But I'd rather be emptied now, lay the garments of virtue aside
So dethrone, strip all my pride

So it goes without saying
That maybe, I'm saying too much
By all means and forever
Wash me in your utter love
Cleansing my earthly touch
